NEW! Roster Ratings will be used for Rules; both pairings & court assignments. Current Ratings not used for Rules.

Roster eligibility is a wider range than the *range for play*. **Range for play** is noted parenthetically in the division name.

Wider roster eligibility allows more players to be eligible for a team, although players above or below the range for play will need to be paired with higher or lower partner to keep the pairing compatible with the division and to follow pairing rules. In 'A' divisions roster eligibility is 4 below/1 above low/high numbers in division range for play. For 'B' divisions it is 1 below/4 above. For divisions without an A or B in the name it is 4 below/4 above.
